

THEORY

Light
Controls
Design tools
Lamps&Luminaries
Sustainability
& human factors

DEMOS

Lamps
Controls
Reflectors
Ballast
Automation

SIMULATION

DIALux

LEED CREDITS

Space-by-space method
Building area method
Light pollution reduction
Controllability of Systems

WHAT IS LED?

HOW TO SIMULATE?

WHEN TO AUTOMATE?

HOW ENERGY EFFICIENCY?

Two day workshop on

INTRODUCTION TO LIGHTING

When: 14 &15th March 2009

Where: IIIT Hyderabad

How much: Rs.7500/- (regular)
Rs.5000/- (students)

IIIT Hyderabad
Center for
IT in Building Science
